

Cribsheet for downloading a library books onto your iphone or ipad:

- From your device App Store download the Overdrive App.
- Go to the Adobe web page: adobe.com and create an Adobe user name and password or sign on as an Adobe user. You only have to do this once during set-up.
- Restart your device to confirm these upgrades.
- Go into Overdrive and find your library catalog. You may identify it by name, zip code, or web site.
- Choose a book, place it in your e bookbag.
- Proceed to check out.
- Click “download.”
- It should then appear in your library on your device.
- If it doesn't, there may be a chance you forgot to restart your device to enable the upgrade.
